SUMMARY

Data and AI professional with hands-on experience in ETL pipeline development, large-scale data processing, workflow automation using Python, PySpark, SQL, and Airflow. Skilled in building scalable data-driven applications, API integrations, and Generative AI workflows with a strong focus on data quality, optimization, and business problem-solving.

TECHNICAL SKILLS

- Data Analysis & Engineering: ETL Pipelines, Data Validation, Deduplication, Data Matching, EDA
- Programming & Databases: Python (Pandas, NumPy), PySpark, SQL (PostgreSQL, MySQL, BigQuery)
- Cloud & Orchestration: Azure Batch, AWS Glue, Apache Airflow, AWS S3
- Visualization & Reporting: Power BI, MS Excel (Advanced), PowerPoint
- Generative AI: Long-tail keyword generation, URL generation for product
- Tools: GitHub, Google Sheets, Cloud, Docker

PROFESSIONAL EXPERIENCE

TRADEINDIA

Noida, India

Junior Data Scientist

Feb 2026 – Present

- Designed and deployed a PySpark-based deduplication pipeline to match large-scale B2B datasets, cutting processing time by ~80%.
- Automated recurring workflows using Apache Airflow, AWS Glue, and Azure Batch, improving pipeline scalability and reducing manual effort.
- Built a FastAPI vector search API enabling AI-driven semantic product search across the company's product catalog, using Azure OpenAI embeddings, Pinecone, and dynamic metadata filtering.
- Implemented Generative AI-based long-tail keyword generation workflows to improve product discoverability and search relevance.

TRADEINDIA

Noida, India

Intern – Trainee-Data Science

Aug 2025 – Feb 2026

- Cleaned and validated scraped external datasets, matching records against internal company data to identify and tag qualified leads for the sales team.
- Manually performed this data matching and tagging process (~1 day per cycle), directly feeding sales outreach and contract acquisition efforts.
- Collaborated with stakeholders to handle data extraction requests and deliver production-ready data solutions.

TATA STEEL LIMITED

Jamshedpur, India

Intern - RDE Norms Analysis project

May 2023 – July 2023

- Analyzed impact of emission norms on product demand to identify shifts in customer preferences
- Evaluated product alignment with regulatory changes to identify potential market opportunities.
- Generated insights to support sales strategy, identifying segments with ~10% growth potential

EDUCATION

BIRLA INSTITUTE OF TECHNOLOGY

Ranchi, India

Bachelor of Business Administration, Cumulative GPA: 7.29

2021-2024

VIVEK VIDAYALAYA

Jamshedpur, India

Central Board of Secondary Education (CBSE)

2019 – 2021

PROJECTS

PYTHON PROJECT: INDIA ROAD ACCIDENT DATA ANALYSIS: [Link](#)

Tools: Python (pandas, NumPy, matplotlib, seaborn)

- Analyzed 12,000+ accident records to identify high-risk driver segments and peak accident periods, supporting targeted safety interventions.
- Identified 18–50 age groups and weekends as highest-risk factors through trend analysis, enabling focused policy recommendations.
- Improved data reliability by cleaning and standardizing datasets, ensuring accuracy of insights.

POWER BI PROJECT: SPOTIFY STREAM ANALYSIS DASHBOARD: [Link](#)

Tools: Power BI, Power Query, Excel, PowerPoint

- Developed an interactive dashboard to analyse top-streamed songs and artist performance using Power BI
- Performed data cleaning and transformation in Power Query to ensure accurate reporting and created custom calculated columns
- Designed a user-friendly dashboard layout in PowerPoint and enhanced data storytelling through optimised visual interactions

CERTIFICATIONS AND TRAINING

- **Data Analytics** – PW Skills (Python, SQL, Power BI, Excel) SQL Intermediate (HackerRank), Excel for Data Analysis (LinkedIn).
- **Strategy & Visualization**: Business Analytics & Decision Making (BIT Mesra), Product Management (Udemy), Data Visualization Job Simulations (TATA, Accenture, Deloitte).

ADDITIONAL INFORMATION

Media Head – Research and Development Society

- Led media and communications for events by managing content and coordinating campaigns to improve engagement
